

Did you know?

- Most of our fruits and vegetables are hand picked. Without our nation's 1-2 million farm workers our multibillion-dollar agricultural industry would not survive.
- Farm workers labor long hours for low wages, doing one of the most dangerous jobs in the country.
- Most farm workers lack health insurance, workers compensation, disability insurance or sick pay.
- Farm workers are exposed to toxic pesticides, causing rashes, illness and birth defects.

What is YAYA?

Make a difference in the lives of farm workers!

- Start a YAYA chapter at your school, church or community.
- Affiliate your organization with our network.
- Join us on Facebook and Twitter
- Sign up to receive our monthly e-newsletter and action alerts!
