

Calling Sakuma and Driscoll's Script 7/8/3016

For details on the press release that Sakuma sent out and issues with it see our attached press release. Please identify yourself and organization when speaking to each company and insist upon speaking to senior management within each company.

For Sakuma

Main Office: 360 757 6611

Danny's Assistant Kristin Rye: 808 561 5545

I have heard from Familias Unidas that there are many factual errors in your recent press release. While it is encouraging to hear that you are ready to negotiate, I am calling in to express concern about potential reprisals and intimidation against your seasonal harvest employees. As a former consumer of your berries I am calling to encourage you to follow through with the negotiation process in good faith.

I am still boycotting your products, Driscoll's berries, and Hagen daz ice cream, and I'm telling my friends, peers, and other consumers to also boycott these products. I plan to continue to do so until FUJ tells me to stop. Do the right thing and settle this matter once and for all with a fair election followed by good faith negotiations.

I will be excited to buy your products knowing that workers have union representation and justice in the fields, but until then I will continue to boycott Driscoll's, Hagen Daaz, and your products.

For Driscoll's

Marketing Director: 831 763 3259

I have heard from Familias Unidas that there are many factual errors in the recent press release from your supplier Sakuma bro's Berry Farms. While it is encouraging to hear that they are ready to negotiate, I am calling in to express concern about potential reprisals and intimidation against their seasonal harvest employees. As a former consumer of your products I am calling to encourage you to follow up with Sakuma and ensure that they follow through with the negotiation process in good faith.

I am still boycotting Driscoll's berries, and I'm telling my friends, peers, and other consumers to also boycott your products. I plan to continue to do so until FUJ tells me to stop. Do the right thing and settle this manner once and for all with a fair election followed by good faith negotiations.

I will be excited to buy your products knowing that workers have union representation and justice in the fields, but until then I will continue to boycott Driscoll's.
