

Want to get your church active in farm worker justice? How about

### **A Letter Writing Campaign!**

Here's what you do:

1. Talk to your pastor or organizational leader to ask if you can do a quick announcement about the farmworker campaign.
2. Set up a table where people can find you and the letters.
3. Have pre-written letters on the table for people to just sign their name.
4. Have addresses ready to give those who want to write their own letters and send them from home.
5. Gather signed letters and mail them in a packet to save postage.
6. Write us and let us know how many signatures you got!
