ACTION IN RALEIGH

## Farm Workers Need You To Visit Your Local Circle K!

### The VUSE Campaign:

As part of their VUSE boycott, FLOC (Farm Labor Organizing Committee) is conducting a survey of Circle K stores to determine whether stores are selling the Reynolds American VUSE E-Cigarette and who has power to remove VUSE from the shelves.

Although Reynolds does not directly employ tobacco farm workers, by contracting with tobacco growers, it influences standards which directly affect the living and working conditions of tobacco farm workers, both within its supply chain and even beyond. Through its contracts with growers, Reynolds can affect the living and working conditions of tobacco farm workers.
